EDUCATION

Computer Science Engineer
University of Computer Sciences, UCI / 2016

SKILLS

COURSES AND SELF-TRAINING

Web Application Development in Drupal

ABOUT ME

Computer Science Engineer with solid experience in developing web and desktop applications, both frontend and backend. Over 8 years of experience working with technologies such as Python, Django, PHP, Symfony, JavaScript, ExtJS, and databases like PostgreSQL, MySQL, and Oracle. Specialized in creating robust solutions for enterprise systems, eCommerce platforms, and web services.

Competent in the design, administration, and integration of complex systems, including SOA services, server configuration, and monitoring tools like Grafana. Experience with modern technologies such as GraphQL, Redis, and MinIO. Skilled in requirements gathering, test design, and technical support.

Distinguished by my ability to work effectively in teams and adapt to demanding environments. I maintain high performance, with a focus on problem-solving, timely delivery, and software quality.

Additionally, I have familiarity with artificial intelligence (AI) based tools and their application in support tasks, automation, and productivity improvement in the development environment.

WORK EXPERIENCE

- University of Granma**
Nov. 2015 - Jun. 2016
PROGRAMMER
 - Development of web applications with Python, Django, JavaScript, and HTML5.
 - Development of desktop applications with Python and PyQt.
- Entity Computerization Center - UCI**
2016
LEAD PROGRAMMER
 - Development with Python, Django, ExtJS, Symfony, WordPress, and PostgreSQL.
 - Database design and administration with Oracle.
 - Server administration and SOA services development.
- University of Computer Sciences**
Sep. 2018
ANALYST - PROGRAMMER
 - Design and implementation of test cases.
 - Client requirements gathering and technical support.
- Cubacation / EVORAS.SURL**
2022
BACKEND PROGRAMMER
 - Development of eCommerce platforms.
 - Development of accounting management systems.
- Supermarket TREEW**
2022-2025

(UCI, 2017)
Symfony 2 (UCI, 2017)
Advanced GNU/Linux
Administration (UCI,
2018)
Penetration Testing in
Web Applications (UCI,
2020)
Exploration of AI Tools
(ChatGPT, Copilot,
Notion AI, etc.)

LANGUAGES

Spanish (native)
English (intermediate)

PERSONAL DATA

Date of birth:
September 7, 1992
Nationality: Cuban
Driver's license:
Category B

BACKEND PROGRAMMER, ARCHITECT

- Systems development and software architecture.
